This listing of claims will replace all prior versions and listings of claims in the application:

LISTING OF CLAIMS:

1. (currently amended): A transparent elastomer composition comprising an elastomer and fluorine-containing resin fine particles which are finely dispersed in the elastomer, said fluorine-containing resin fine particles having an average particle size of from 20 to 100 nm.

2. (currently amended): A composition comprising a transparent elastomer composition which comprises an elastomer and fluorine-containing resin fine particles which are finely dispersed in the elastomer and further containing a filler, said fluorine-containing resin fine particles having an average particle size of from 20 to 100 nm.

3. (previously presented): The composition of Claim 1, wherein the elastomer is a fluorine-containing elastomer.

4. (previously presented): The composition of Claim 1, wherein the composition contains a crosslinking agent.

AMENDMENT UNDER 37 C.F.R. § 1.111
